## CONSULAR SERVICE OF THE UNITED STATES—ARGENTINE REPUBLIC—BAVARIA.

[The following exhibits all the Consulates-General, Consulates, Consular Agencies, and Commercial Agencies of the United States. The agencies under each consulate are printed in italics.

The compensation of salaried Consuls is limited to the amount of the salary, out of which the officer must defray the expense of clerk-hire.

The compensation of the fee Consuls is limited to \$2,500, if the fees exceed that sum; but such Consuls are authorized to pay their clerks from the fees received at the consulate.

The column of fees shows the amount of fees received at each consulate and agency from which returns have been made for the year ending December 31, 1869.

It is the usual practice for the agent to retain one-half of the fees of the agency until the sum retained by him amounts to \$1,000. This rule is not universal. The Consul is entitled to retain \$1,000 a year in the aggregate from the agencies under his consulate.

The amount of fees is as reported from the Fifth Auditor's office of the Treasury Department.

The letters (C. G.) indicate Consul General; (C.) Consul; (V. C.) Vice-Consul; (C. A.) Commercial Agent; (D. C.) Deputy Consul; (Agt.) Agent; (Int.) Interpreter; (Mar.) Marshal.

The letter (*a*) indicates that the officer is a naturalized citizen, and the letter (*b*) that he is authorized to transact business.]

NOTICE.—Officers in charge of the respective legations, consulates general, consulates, and commercial agencies are requested to note mistakes in this register, and report them to the department.

## XII.—REGULATIONS CONCERNING THE PRECEDENCE OF DIPLOMATIC AGENTS.

The rules on this subject, which have been prescribed by the department, are the same as those contained in act 17 of the congress of Vienna of June 9, 1815, as follows:

In order to prevent the inconveniences which have frequently occurred, and which might again arise, from claims of precedence among different diplomatic agents, the plenipotentiaries of the powers who signed the treaty of Paris have agreed on the following articles, and they think it their duty to invite the plenipotentiaries of other crowned heads to adopt the same regulation:

ARTICLE I. Diplomatic agents are divided into three classes: that of ambassadors, legates, or nuncios; that of envoys, ministers, or other persons accredited to sovereigns; that of *chargés d'affaires* accredited to ministers for foreign affairs.

ART. II. Ambassadors, legates, or nuncios only have the representative character.

ART. III. Diplomatic agents on an extraordinary mission have not, on that account, any superiority of rank.

ART. IV. Diplomatic agents shall take precedence in their respective classes, according to the date of the official notification of their arrival. The present regulation shall not cause any innovation with regard to the representatives of the Pope.

ART. V. A uniform mode shall be determined in each state for the reception of diplomatic agents of each class.

ART. VI. Relations of consanguinity or of family alliance between courts confer no precedence on their diplomatic agents. The same rule also applies to political alliances.

ART. VII. In acts or treaties between several powers which grant alternate precedence, the order which is to be observed in the signatures shall be decided by lot between the ministers.

ART. VIII. It is agreed that ministers resident accredited to them shall form, with respect to their precedence, an intermediate class between ministers of the second class and *chargés d'affaires*.
